

## 53two Tech Spec

### **Staging:**

Stage is at ground level for access. Staging can be added with added costs.

### **Lighting:**

EOS ETC Nomad Desk on Macbook (provided).

See LX Plan for rig.

### **Lighting Fixtures:**

The following fixtures are in our rig. The rig cannot be moved.

#### *BAR 1:*

- 1 Mac 2000 LED spot (Moving head)
- 2 Mac aura LED wash (Moving head)

#### *BAR 2:*

- 2 Robe 300 LED wash (Moving head)
- 2 Robe 600 LED spot (Moving head)

#### *BAR 3:*

- 2 Mac aura LED wash (Moving head)

#### *BAR 4:*

- 8 ADJ LED Profiles (Non-moving)

#### *SL SIDE BAR:*

- 1 Mac 250 LED spot (Moving head)

### **Sound:**

SubZero D-series 12" Active DSP Speaker & 18" Active Subwoofer

Studio Master Club XS 10 Mixing Desk

### **Seating:**

Tiered Seating banks – capacity 135. Max cap according to layout – 180.

Cabaret tables can be added in front of the seating bank – 10 x 4 pax.

The seating bank is retractable and the space can be configured in to accommodate different seating layouts upon request.

### **Playing Space:**

The Playing Space is somewhat flexible but, as standard, it measures: 20ft

wide x 23ft deep. There is an upstage R & L exit/entrance.

A curtain can be pulled across the space to reduce the playing space to 20ft wide x 15ft deep for more intimate performances. NB. In doing so, some lights will differ.

**Access:**

The venue is wheelchair accessible throughout with accessible toilets and a Changing Places toilet.

**Changing:**

Backstage has a communal Green Room with kitchenette, two changing cubicles, toilet, make-up table, dining table and communal space.

**Screen:**

200 inch, front projection cinema screen.

**Projector:**

[CASIO XJ-F21XN Lumens 3300 XGA Multimedia Projector](#)

**Lighting Plan:**

Please note on the plan below the positioning of Curtain 1. This is the moveable curtain to increase/decrease the size of the space. If Curtain 1 is across the stage, the lights behind it are not useable.

53TWO BASE RIG

KEY:  
WHITE: HALOGEN  
PURPLE: LED
